Creating Divine Art - The Origin of Inspiration

The heart is the place where we experience the beauty all around us - in nature, art, or children - and also the suffering we witness every day. Our heart - being also the door to the spiritual or the wisdom of the universe and its higher inspirations - is a place of true transformation.

Artistic expression of all kind gives us a unique tool to learn to embrace beauty and suffering, so that we create a movement outwards that opens the door to joy and can benefit also others.

A dialogue with a group of highly evolved spirits introduce us in this book to the different levels of inspiration we can feel when creating art: in dance, painting, music, writing, photography, sculpture, architecture, movies, etc. This book explains - with the help of over 100 colour photos - how to get in touch with those higher inspiration levels and how to translate them into our works of spontaneous or professional art. What you'll discover in this book you won't find anywhere else.

Here the author offers a unique collection of divine beauty in art and explains the way how to get there.
