Itu0026#39;s not a stretch to say that more has been written about Hillary, pro and con, than probably any other living American politician. So in the build-up to the 2008 presidential election, what is not needed is just another book about Candidate Hillary. Fortunately, this exposé is much more-a hybrid product that includes not only cutting-edge reporting, revealing facts and fictions about the junior senator from New York, but does it in a dual book-and-movie format. David N. Bossie, former chief investigator for the US House of Representatives Committee on Government Reform and Oversight, reveals all the must-know details about Hillaryu0026#39;s life and career, exposing the truth about her conflicts in the past and her liberal plot for the future. Bossie has previously produced such acclaimed documentaries as Border War(www.borderwarmovie.com).
