THE FIELD OF FIGHT EBOOKS 2019

Author: Lieutenant General (Ret.) Michael T. Flynn u0026 Michael Ledeen

Realese Date: Expected @@expectedReleaseDate@@

A war is being waged against us by radical Islamists, and, as current events demonstrate, they are only getting stronger. Al-Qaeda has morphed into a much more dangerous, menacing threat: ISIS. Lt. General Michael T. Flynn is blunt and urgent. This book aims to inform the American people of the grave danger we face in the war on terror—and will continue to face—until our government takes decisive action against the terrorists that want nothing more than to destroy us and our way of life. u003cbr /u003eu003cbr /u003eFlynn spent more than thirty three years in Army intelligence, and as Director of the Defense Intelligence Agency worked closely with Generals Stanley McChrystal and David Petraeus, Admiral Mike Mullen, Director of National Intelligence James Clapper, and other policy, defense, intelligence, and war-fighting leaders. From coordinating on-the-ground operations in Iraq, Afghanistan, and elsewhere, to building reliable intelligence networks, to preparing strategic plans for fighting terrorism, Flynn has been a firsthand witness to government screw-ups, smokescreens, and censored information that our leaders don't want us to know. u003cbr /u003eu003cbr /u003eu003ciu003eThe Field of Fightu003c/iu003e succinctly lays out why we have failed to stop terrorist groups from growing, and what we must do to stop them. The core message is that if you understand your enemies, it's a lot easier to defeat them—but because our government has concealed the actions of terrorists like Osama bin Laden and groups like ISIS and al Qaeda, and the role of Iran in the rise of radical Islam, we don't fully understand the enormity of the threat they pose against us.u003cbr /u003eu003cbr /u003eA call to action that is sensible, informed, and original, u003ciu003eThe Field of Fightu003c/iu003e asserts that we must find a way to not only fight better, but to win.
